### Fiberglass doors finished for lasting beauty.

Low-maintenance PrismaGuard finish preserves your door's lasting beauty and protects against normal wear and tear, saving you time and money. A durable coating protects your door from the elements, preserving its color for years to come and is backed by a 10-year limited finish warranty for your peace of mind.

- ① It starts with the realistic wood grains and deep embossments of a Thermo-Tru door.
- ② A base coat provides an even, consistent color across the surface of the door.
- ③ A wiping stain enhances the base coat to reflect the natural beauty of the wood.
- ④ A durable topcoat enhances the color while protecting against scratches and color fading.
- ⑤ A second application of the topcoat provides added durability.

## LEGACY BUILT ON TRUST

Moehl Millwork started in 1964 with the simple goal of helping customers bring their projects to life. That meant solving problems, building relationships and becoming experts in cabinetry, millwork, windows and doors throughout Iowa and its surrounding area.

With our roots in the building industry running over 55 years deep, we have spent decades providing professional training and service, while honing our expertise with brands that have been preferred by generations of builders.

It's a legacy built on trust, and one we take seriously.

**MOEHL MILLWORK HAS BEEN BRINGING YOUR PROJECTS TO LIFE FOR OVER 55 YEARS.**

Our Certified pre-finishing facility uses advanced technology to offer industry-leading stain and paint options and ensure the highest quality door finishes.

# STAIN FINISHES

ADD COLOR AND A NEW LAYER OF PROTECTION TO YOUR HOME

## EMBRACE NATURAL BEAUTY

Giving your home a perfect color palette goes beyond paint. Choose from a variety of different wood tones to bring a new dimension of color to your doors and trim.

Wood stains will not only add color, but also add a layer of security by protecting your doors and trim against damage from water, household cleaning supplies, and everyday wear.

With these natural wood stains, your interior doors and trim will maintain a lasting impression and be protected from harmful UV rays that cause other doors and trim to fade and lose their color.
